# Song in the Bible

- Emphasized in the New Testament (Eph 5:15-20)
  - <sup>15</sup> Be very careful, then, how you live—not as unwise but as wise, <sup>16</sup> making the most of every opportunity, because the days are evil. <sup>17</sup> Therefore do not be foolish, but understand what the Lord’s will is. <sup>18</sup> Do not get drunk on wine, which leads to debauchery. Instead, be filled with the Spirit, <sup>19</sup> speaking to one another with psalms, hymns, and songs from the Spirit. Sing and make music from your heart to the Lord, <sup>20</sup> always giving thanks to God the Father for everything, in the name of our Lord Jesus Christ.

  - Especially in
    - Psalms
    - Song of Solomon
    - Proverbs
  - But even portions of the narratives

# Song in the Bible

- Great – there's singing in the Bible, so what?
- The point isn't valuing song over other forms of expression
- The songs are serving a purpose for the people
  - Commemorating big events
  - Focus on all aspects of relationship between God and His people
  - Keeping our hearts, minds, and lives focused on God
  - “Be very careful, then, how you live—not as unwise but as wise” – music is an enabler to living wisely with a heart focused on God
- We remember songs – even when we don't want or need to...

# Song for Memorization

- Structure matters!
  - “Music is a powerful mnemonic device, but the song's structure is what allows a person to recall the information it holds—not necessarily the catchy tune itself (*that helps, though*). The added melody encourages repetition and thus memorization, which is perhaps why patients with advanced Alzheimer's dementia have been known to sing along to a familiar song.” [WSJ Article](#)
- Good structure helps your brain fill in the gaps when you might otherwise forget some words
  - Sections of the alphabet song end with a long E sound (rhyming) – you know you're wrong if that isn't the sound
  - The structure (many devices can be used) serve as a double-check in your brain

# Song for Memorization

- Familiar songs removing the structure
  - Don't stop having hope; hold onto those emotions
    - Don't stop, believing; hold onto that feeling
  - Whoa we're getting closer; hey, living by the seat of our pants
    - Whoa we're halfway there; whoa, living on a prayer
  - Nationwide is going to help
    - Nationwide is by your side

# Song for Memorization

- It's a tool that's been effective for thousands of years
  - "Psychologists believe laws, stories and customs were presented as poems, chants and, eventually, as songs, in order for them to be memorized, and recalled, accurately," says Dr. Roediger. "The idea was that the chant would help people to remember large sets of information across the ages. [WSJ Article](#)

# Discussion

1. Is memorization worthwhile? What purpose does it serve us today?
2. Why does music help with memorization?
3. What is required to actually set scripture or other text to music?
  1. Can anyone do it? What level of professionalization is needed?
  2. Does all scripture/text lend itself to music?

# Memorizing Ephesians 3 Prayer

Eph 3:16-21  
I pray that, according to  
the riches of his glory, he may  
grant that you may be strengthened  
in your inner being with power  
through his Spirit, and that  
Christ may dwell in your hearts  
through faith, as you are being  
rooted and grounded in love.

I pray that, you may  
have the power to comprehend,  
with all the saints, what is the

of Christ that surpasses knowledge, so

- **Step 2:** Read through it.
  - What natural phrases, occur?
  - What lends itself quickly to memory?
  - What words, phrases, or transitions are a struggle?
- **Step 3:** Decide how to divide it into logical sections.
  - Give each syllable a count.
  - Look for words that rhyme, repeat, initiate, and conclude sections you've made.
  - The text must stay the same, no changing words to make it work. Use what you are given.
    - This is specifically required for this situation, liberties may be taken in other cases

# Making the Sections

- I chose to make it 3 sections. 16&17, 18&19, 20&21
- Each section had an intro (“I pray that”, “Now to him who”) and a conclusion (“in love”, “of God”, “Amen”)
- Each conclusion was naturally preceded by a repetitive pair (“rooted & grounded”, “filled with all the fullness”, and “to all generations, forever and ever”)
- Within each section easy phrases begged to be addressed first.
  - “according to the riches of his glory”, “his Spirit and that”
  - “breadth, and length, and height and depth” “and to know the love of Christ **that**, surpasses knowledge so **that**”
  - “able to accomplish, abundantly far more” “him be glory”

# Setting the Rhythm

- With so much about the heart and love, I slowed it down in the third section with a heart beat type rhythm, before accelerating to the finale.
- While in typical musical structure, the words are forced into the song's phrasing, here we enjoyed letting each section have its own rhythm, number of bars and tone.
- When memorizing anything, we value the ability to move through it quickly (we can do this in 50 seconds).
- Our tone is light and joyful.
- This is probably not the most accurate tonal interpretation of the passage, as he is begging for them to be able to grasp something so grand and community changing.
  - I tried to capture that with my slow section at the end.
